CHARLES LIM

CYBERSECURITY AND DIGITAL FORENSICS STUDENT

Singapore | +65 9665 4216 | charleslim10806@gmail.com | limcharles.com
linkedin.com/in/lim-charles-b4199926b | github.com/hongecc

Cybersecurity and Digital Forensics diploma student with hands-on experience building cyber-range environments, supporting security awareness training, and troubleshooting customer networks. ISC2 Certified in Cybersecurity top-of-cohort Higher Nitec result, currently working towards Comptia Security+.

EXPERIENCE

Field Engineer | Ammel Technologies | Jul 2025 - Present

- Install and configure broadband services, routers, ONT/ONR equipment, and set-top boxes for customer premises.
- Troubleshoot network connectivity issues and inspect fibre-optic links to restore reliable service.
- Support customers on-site by diagnosing equipment and service faults across the broadband installation chain.

Cybersecurity Intern | Custodio Technologies | Sep 2024 - Jan 2025

- Developed a virtual machine for a cyber range used in security training and hands-on simulations.
- Delivered a security awareness session for colleagues with limited cybersecurity knowledge.

Additional Experience: Service Crew, ZENSHO Singapore (Aug - Nov 2023); BreadTalk Group (Oct - Dec 2022)

TECHNICAL PROJECTS

Potato VM | Ubuntu, VMware, Metasploit - Built a deliberately vulnerable cyber-range VM and CTF challenge box for practising vulnerability assessment, exploitation, and system hardening.

HobbyConnect | Python, SQL, Web Development - Developed a web application that connects youth and seniors through shared hobbies and activities.

EDUCATION

Diploma in Cybersecurity and Digital Forensics | Nanyang Polytechnic | Expected Apr 2028
Relevant involvement: School of IT Club and Lumina Programme.

Higher Nitec in Cyber and Network Security | Institute of Technical Education | May 2024
GPA 3.894; graduated top in cohort with Certificate of Merit; Network Security Club.

AWARDS AND LEADERSHIP

- NYP Scholarship (ITE Pathway), awarded to high-performing ITE students pursuing full-time diploma studies at NYP.
- Recipient of the ST Engineering Book Prize Award.
- ITE Director's List for meritorious academic performance in the top 10% of the course cohort.
- ITE Community Scholarship and active volunteer for NYP Open House, EAE Festival, and Freshman Orientation.

CERTIFICATIONS

ISC2 Certified in Cybersecurity (CC) | IBM Web Development Fundamentals | IBM User Experience Design Fundamentals

TECHNICAL SKILLS

Security: Digital forensics, threat intelligence, penetration testing, system hardening
Systems and Networking: Linux, Windows Server, VMware ESXi, FortiGate, Google Cloud Platform, router and ONT/ONR configuration, fibre optics, network troubleshooting
Programming and Data: Python, SQL, Power BI, web development, UX/UI
